BUY NOW

### AVAILABLE NOW!

Still the coolest form factor ever...touchscreen capability in a compact, foldable footprint. Ultra-portable, weighs less than a pound and measures less than an inch thick when folded.

Perfect for people on the go, laptop/netbook users, crammed desktops, students, graphic designers, gamers, etc. Switch from landscape to portrait display mode in seconds. As with all our monitors, the Mimo 720-S is compatible with both Windows and Mac OS. Note to Mac OS users: requires additional purchase of \$30 driver to activate touchscreen capability.

### Mac OS X Touchscreen Support

This [driver is required for using the Mimo 720-S](#) with a Macintosh computer (Intel-based only) to support touchscreen functions.
